Equation Scanner & Solver

Kakinada Institute of Engineering and Technology
Dec, 2017 - Feb, 2018

Mathematical equation solver by simply scanning equations written on paper. Technologies used: Python, Pytorch, Numpy stack & Applying convolutions to images.

Project Link : <https://github.com/Abhi135721/Project-Math-equations>.

Customer Order Analysis

Miracle Software Solutions
May, 2017 - Jun, 2017

Using Apache Spark and Python to analyze customer orders data set of 200 MB to give and output analysis of the various orders.

Project Link : <https://github.com/Abhi135721/mss-ithink>.

SKILLS

C
Core Java
Python
Javascript
PHP
Data Structures
Algorithms

EDUCATION

Sep, 2014 - Apr, 2018

Kakinada Institute of Engineering and Technology

B.Tech (CSE)
Aggregate: 81%

Jun, 2012 - Mar, 2014

Sri Chaitanya Boys Jr. College

Intermediate
Aggregate: 94.3%

Jun, 2011 - Apr, 2012

Vidya Rohini High School

S.S.C
CGPA: 9.5

ACHIEVEMENTS

Selected as one of the 81 members in Edyst Placement Bootcamp out of 300 applicants.

Secured 100% Scholarship at KIET College for BTech degree

Stood in top 3 out of 10 teams in internship at Miracle Software Systems.

Got distinction in JVV Science talent test three times in a row (2009, 2010, 2011).
